**Stranger Danger? What my year in Northern Ireland taught me about making snap judgments.**

In our Keynote, Rev. Patrick Harley, of Ottawa Presbyterian, will share stories of his experience as a year-long volunteer in Belfast, Northern Ireland, and what he learned about the difficult and rewarding work of conflict transformation, peacemaking, and reconciliation in a land divided by violence. We also hope to cultivate conversations around how we engage with others in our own communities and society, and why that's pivotal to our own spiritual health and Christian Witness.

- 10:00 Welcome - Morning Watch
- 10:45 Keynote: Stranger Danger?
